

OCEAN ABERNATHY

314-659-7788 | ocean.abernathy@gmail.com
oceanabernathy.com | github.com/oceanabernathy

SUMMARY

Highly motivated, self-starting web developer seeking to launch a career building web applications. Demonstrated experience working in a team setting in addition to possessing a strong attention to detail. Passionate about growing skills in a professional setting and furthering knowledge in web development.

SKILLS

Programming Languages: HTML, CSS, JavaScript (React)
Version Control: Git
IDE & Design tools: VS Code, Atom, Adobe Photoshop
Systems: Windows, macOS

PROJECTS

Fampicks

oceanabernathy.com/fampicks

Collaborated with another developer to create a website for a family SEC football pool. Created the design and developed all HTML & CSS.

Portfolio Website

oceanabernathy.com

Developed for personal use as a way to provide links to projects I've created.

Cybersafe

oceanabernathy.com/cyber

Learned how to take a mock up and develop it. Adapted the desktop mock up for mobile responsiveness.

DEVour Web Design

oceanabernathy.com/devourwebdesign

Product landing page created while working through the Responsive Web Design Certification on freeCodeCamp.
